These newspaper advertisements for construction permit applications will be or were published on one of the following dates: April 17, 2018, April 18, 2018 or April 19, 2018. Public notices are generally published every week. The previous publication of public notices was April 12, 2018.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-03-09-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mrs. Michelle W. Owenby, Director, Division of Air Pollution Control, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, 15th Floor, Nashville, Tennessee 37243 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Any individuals with disabilities who wish to participate in these proceedings or to review these filings should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such initial contact may be in person, by writing, telephone, or other means, and should be made no less than ten (10) days prior to the hearing, or the date such party intends to review such filings, to allow time to provide such aid or service. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 2nd Floor, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, Nashville, TN 37243, (866) 253-5827 (toll free) or (615) 532-0200. Hearing impaired callers may use the Tennessee Relay Service (1-800-848-0298).

The applicant is Tennessee Valley Authority – Bull Run Plant with a mailing address of 81265 Edgemoor Road, Clinton, TN 37716. They seek to obtain an air contaminant permit (Division identification number: 01-0009-15, 16, 17/73989) for construction of three temporary auxiliary startup boilers at the same address. This proposed operation would consist of three temporary, portable, oil-fired boilers, which will be used to supply steam flow during startup of the coal-fired boiler. These boilers will be used in place of the existing auxiliary boilers. Low-NO_x burners would be used for control of nitrogen oxides. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. T. Blake is the assigned Division person.

For the Anderson County “Oak Ridger” – publish once on Thursday, April 19, 2018.

The applicant is imi-TN, Inc.-Winchester with a mailing address of 1440 Selinda Avenue, Louisville, KY 40213. They seek to obtain an air contaminant permit (Division identification number: 26-0062/73674) for the construction of a Concrete Batch Plant Operation located at 612 David Crockett Highway, Winchester, TN 37398. This proposed construction consist of cement & fly ash with two (2) storage silos, conveyors, and filter cartridges used to produce ready mix concrete. A Baghouse (fabric filter) would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Horton is the assigned Division person.

For the Franklin County “Herald-Chronicle”--publish once on Tuesday, April 17, 2018.

The applicant is Patriot Ready Mix Concrete, L.L.C. dba Nokian Tyre Construction Site with a mailing address of 6202-A Old Franconia Road, Alexandria, VA 22310. They seek to obtain an air contaminant permit (Division identification number: 72-0168-01/73961) for the construction of a Mobile Concrete Batch Plant Operation located at 775 Hurst Lane, Dayton, TN 37321. This proposed construction consist of cement & fly ash with two (2) storage silos, conveyors, and filter cartridges used to produce ready mix concrete. A Baghouse (fabric filter) would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Horton is the assigned Division person.

For the Rhea County “Herald-News”--publish once on Wednesday, April 18, 2018.

The applicant is Nissan North America, Inc. - Smyrna with a mailing address of 983 Nissan Drive, Smyrna, TN 37167. They seek to obtain an air contaminant permit (Division identification number: 75-0155-104/973954) for construction of a door adhesive operation in the Integrated Logistics Center (ILC) located at the same address. This proposed operation consists of plastic pellets, injection molding machines, spray booth, and electric oven to create finished door panels for vehicles. Exhaust filters will be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted at this facility. Mr. Chris Meek is the assigned Division person.

For the Rutherford County "Daily News Journal"--publish once on Thursday, April 19, 2018.

The applicant is Carbon Appalachian Company, LLC dba Oak Hill Station with the mailing address: 2480 Fortune Dr., Suite 300, Lexington, KY 40509. They seek to obtain air contaminant permit(s) (Division identification number(s):65-0093-01 / 973903) for installation of a natural gas-fueled, 203 Hp engine that drives a 151.4 kW generator. The facility is located at Gobey Road, Lancing, TN 37770. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. R. Benjamin is the assigned Division person.

For the Morgan "Morgan County News"--publish once on Wednesday, April 18, 2018.
